

FreeLife's Compensation Plan provides significant upfront and long-term residual income. Simplicity, significant residual income, minimal structure, an exciting Fast Start Bonus with dynamic compression, and an AC100 focus are just some of the highlights of the Compensation Plan. Please see the Compensation Plan Chart and explanation below for more details.

Customers Are Free

Customers are free and do not take a spot in the Compensation Plan. Customers will have their own ID number but their personal points will now be automatically added to their Enroller's personal points. Customers need to be on the Advantage Customer Program (ACP) to get AC pricing after their first order.

Free Customers will benefit you in several ways:

- You can send prospects to your website, they sign up for free as Customers and you earn a Product Rebate (see Product Rebate below), every time they order. Simple, yet so powerful.
- All of your new Customers' points will go to offset the 100 points you need to produce monthly to be a Business Builder in FreeLife®.

Product Rebate

As an active AC100, you earn a 20% Product Rebate on your personal points that exceed 100 points in a given month. The Product Rebate is not available on Value Pack purchases.

For example:

- You have 500 personal points in January. (Remember, all of your new Customer purchases count toward your personal points.)
- You would earn 20% on the amount over 100 in a given month.
- That would be 20% of 400 points (500 - 100).
- You would earn an \$80 Product Rebate (20% X 400).

You can earn 20% on all of the points generated from your Customers' product purchases, month after month, year after year, as they order and reorder product. And, all of your Customers' points count toward your personal and Organization points (your weak leg).

Note: *On all personal points over 100, 25% of the points are paid upline in the Compensation Plan.*

Fast Start Bonus

The Fast Start Bonus (FSB) provides excellent immediate and long-term income for new and existing Marketing Executives (ME). The FSB pays out a dynamically compressed guaranteed total of 60%, five enrollment levels deep in your Organization - 20%, 10%, 10%, 10%, 10%. For information on how the Fast Start Bonus works with the Value Pack, please see the "Fast Start Bonus with Value Pack" section below. The FSB is paid on every new ME's first two months of product purchases, up to 100 points, five enrollment levels deep. For example, if you personally enrolled 3 MEs in January, you would earn the FSB on their product purchases, up to 100 points, made in January (their first month in FreeLife) and February (their second month in FreeLife). This continues indefinitely as new MEs will be coming into your FreeLife Organization every month.

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

Fast Start Bonus with Value Pack

FreeLife's Value Pack provides you with the lowest price available on GoChi® or Himalayan Goji® Juice.

Each time a Marketing Executive within your five enrollment levels purchases a Value Pack within their first 2 months as a Marketing Executive, the Fast Start Bonus will pay as follows:

Value Pack	
1st Level	\$60
2nd Level*	\$20
3rd Level*	\$20
4th Level*	\$20
5th Level*	\$20

The Value Pack helps your new Marketing Executives get off to a fast start by providing them with GoChi or Himalayan Goji Juice to immediately get into the hands of their new Customers and prospects!

**Must be Director or above.*

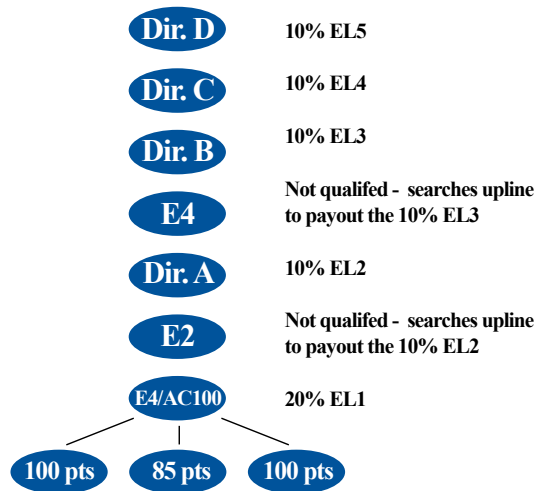

The Fast Start Bonus works as follows:

1. As an active AC100, you earn 20% on the product purchases (up to 100 points/month) of your personally enrolled MEs during their first two months in FreeLife®. On monthly points over 100 during an ME's first two months, the ME earns 20% from the Product Rebate, and 25% of the points over 100 are paid in the Compensation Plan.
2. When you become a Director or above, you now earn 10% on the product purchases (up to 100 points/month) during the first 2 months of new MEs on your second, third, fourth, and fifth Enrollment Levels. This can be very significant income as you are earning 10%, four additional enrollment levels deep, and each enrollment level can have an unlimited number of MEs.
3. Dynamic Compression of the FSB. The FSB is dynamically compressed so the entire 60% is always paid out. There is no breakage. In other words, the computer continually searches upline until it finds 5 qualified MEs to earn the 60% Fast Start Bonus.

The Power of Dynamic Compression: In the scenario below, the E4/AC100, would earn 20% on enrollment level 1 (EL1) as the Enroller of the 100, 85 and 100 points, equal to \$57. The next ME upline is the E2. The E2 is not qualified to earn the enrollment level 2 bonus (EL2) because you must be a Director or above to earn 10% on enrollment levels two, three, four, or five. Therefore, the computer continues searching enrollment levels upline to payout the 10% EL2 to the first Director or above, Dir. A. The next ME upline is an E4 who is also not qualified to earn the 10% EL3. The computer continues searching enrollment levels upline to find the next ME qualified to earn the 10% EL3, the Dir. B. The 10% EL4 is then paid to the Dir. C and the 10% EL5 is paid to the Dir. D, representing a dynamically compressed 60% payout in the FSB.

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

Dynamic Compression Example:

FreeLife's Compensation Plan

FreeLife's Compensation Plan provides a tremendous opportunity for long-term residual income. As mentioned, up to 100 points generated from product purchases in a new ME's first 2 months will be paid out in the Fast Start Bonus. After the Fast Start period (3rd month purchases and beyond), all points will be moved to the 10-Level Compensation Plan.

Some important highlights of the 10-Level Compensation Plan include:

1. 100 points is the most personal points required at even the highest leadership levels.
2. Full monthly compression (see compression explanation for more details).
3. All MEs have unlimited positions on all levels of the Compensation Plan.
4. Marketing Executives can qualify for Director in one of three ways:
 - a. Have a minimum of six personally enrolled MEs who produce at least 35 points in the current month; or
 - b. Produce 500 personal points in the current month. (Remember, all of your new Customers' points count toward your personal points); or
 - c. Become a Star Director by having a minimum of three personally enrolled MEs who produce at least 100 points in the current month.

Advancement Bonuses

As Marketing Executives advance to the Star Director level, they will be paid a one-time bonus in the month they achieve that title. As Marketing Executives advance to the Director I through Ambassador levels, they will be paid a one-time bonus on the third consecutive month upon reaching that title, or by advancing to the next title sooner will release the advancement bonus for the previous title.* Additionally, you must be a Star Director to earn Advancement Bonuses at D1-D5.

Star Director -	\$100**	Director IV -	\$1,000
Director I -	\$150	Director V -	\$1,500
Director II -	\$300	Ambassador -	\$2,000
Director III -	\$600	Royal Ambassador -	\$15,000***

*Marketing Executives in Brunei, Hong Kong, Macau, Singapore, Indonesia, and the Philippines who advance to Star Director through Ambassador levels will be paid one third of the bonus amount for 3 months beginning with the first month of qualification. The new title must be maintained each month to earn the bonus.

**Marketing Executives must achieve the title of Star Director within their 1st full calendar month to be eligible to earn the \$100 Advancement Bonus.

***\$15,000 Royal Ambassador Bonus is paid \$3,000 a month for 5 months beginning with the first month of qualification. The Royal Ambassador title must be maintained each month to earn the bonus.

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

Star Director Development Bonus

Earn a one-time \$100 bonus when you develop a new personally enrolled Star Director with an application date of September 1, 2008 or later. The Star Director Development Bonus will be paid at the same time as the \$100 Advancement Bonus earned by your personal enrollee, and you must be a Star Director in each month that your enrollee is a Star Director to qualify for this bonus

Enrollment Legs

For Ambassador I and above positions, the personally Enrolled Ambassador requirement is based on personally enrolled Ambassador (Amb) legs. This enables Ambassadors to reach down an unlimited number of enrollment levels deep to identify Leaders and count Ambassadors in enrollment legs toward qualifications for Ambassador I and above.

Example:

In this example, Amb A did not enroll Amb B, but he can still count Amb B for qualification purposes IF Amb B is the enrollment leg of Amb A. In other words, Amb B has to have been enrolled by an ME who is linked through levels of enrollers upline to Amb A. This linkage is called an enrollment leg of Amb A. (Only one Ambassador per personally enrolled leg will count towards qualification.)

Ruby, Emerald, Diamond, and Royal Ambassador Advancements

Ambassadors who meet the qualifications below as they advance through the Ambassador ranks will earn a special Ruby, Emerald, or Diamond pin.

Note: *Personally Linked Legs: To meet this requirement your Director and/or Ambassador leg do not have to be personally enrolled by you, however, they must be personally linked, through enrollment, to you. If your Director (III, IV or V) leg happens to be in your Ambassador leg, only the Ambassador leg will count, as it is the higher title. Therefore, your Director leg must come from outside your qualified Ambassador leg and this rule applies even if you personally enrolled the Director (III, IV or V) and/or Ambassador.*

To be active at a pay title of Ambassador or higher, a ME must have an minimum of 3 personally enrolled Directors or Star Directors in any given month.

Compression

FreeLife's Compensation Plan now has full monthly compression. Each month, all active levels will replace inactive levels (less than 35 points). This maximizes your commissions by ensuring you are earning on the maximum number of levels possible. Additionally, it provides more organizational volume by compressing volume up close to you, making volume-based qualifications easier to achieve.

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

Matching Bonus

Directors and above earn a 20% to 60% bonus on the total 10-level commissions earned by all of their personally enrolled Marketing Executives. Additionally, MEs can inherit MEs in their personally enrolled hierarchy who no longer have an active Enroller. Please see FreeLife's Policies and Procedures for further details.

<h2>Matching Bonus</h2>	
There is no limit to the number of Marketing Executives you can enroll and the more they earn, the more you earn! The Matching Bonus is paid as follows:	
Director - 20% Director I - 22% Director II - 24% Director III - 26% Director IV - 28% Director V - 30%	Ambassador - 32% Ambassador I - 34% Ambassador II - 36% Ambassador III - 38% Ambassador IV and V - 40% Royal Ambassador and above - 45% to 60%

Ambassador Generational Bonuses

Qualified Ambassadors and above, can earn an additional 2% generational bonus on the total points of five generations of Ambassadors deep, starting with their own personal infinity points. Infinity points are defined as all points in an Ambassador's Organization (excluding personal points), an infinite number of levels deep, down to the next qualified Ambassador. This means that you can earn 2% on your entire Organization, potentially well beyond 10 levels.

Example 1: This Ambassador has 24,500 personal infinity points because none of the points are in another Ambassador's Organization. This Ambassador would earn 2% on his entire personal infinity points of 24,500 or \$490.

Example 2: Ambassador A has 21,500 personal infinity points because 22,000 points are in Ambassador B's Organization. Ambassador A would earn 2% on his personal infinity points (Generation 1) or \$430. Ambassador A would not earn on Ambassador B's 22,000 points because Ambassador B is a second generation Ambassador to Ambassador A. Ambassador A would have to be an Ambassador I in order to pick up his or her second generation of Ambassadors. When that happens, Ambassador A will then get 2% of her 21,500 personal infinity points and 2% of Ambassador B's 22,000 infinity points as a first generation Ambassador, resulting in a monthly Ambassador Generational Bonus of \$870.

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

To qualify as an Ambassador I or above, you must have one or more personally enrolled Ambassador Leg in addition to the volume requirement. Personally enrolled Ambassador legs means as an Ambassador, you can count other Ambassadors in your Organization as long as they have an enrollment linkage upline to one of your personally enrolled MEs.

Example:

In this example, Ambassador A enrolled the Director II; the Director II enrolled the Director, and the Director enrolled the Ambassador. Ambassador A can count Ambassador B as one of his Ambassadors needed to get to Ambassador I because it is in Ambassador A enrollment genealogy. In other words, Ambassador A and Ambassador B are linked through levels of enrollments.

Service Pool

FreeLife’s Service Pool rewards Leaders who are best living our mission of service to others by enrolling new Marketing Executives and developing new Star Directors within their Organization. The Service Pool is a worldwide pool that is available in each country that FreeLife® operates in. Share prices will vary per country based on what percentage of total worldwide sales each country represents and how many total shares are earned in that country.

Four Service Pools Each Month!		
PAID TITLE	POOL SIZE	MAX BONUS
Director II-Director V	2% of Company Points	up to \$6,000 each month
Ambassador-Ambassador I Diamond	2% of Company Points	up to \$12,000 each month
Ambassador IIs & Above	2% of Company Points	up to \$30,000 each month
TOP EARNERS POOL		
An additional 1% of the Total Company Points will also be used to reward the top Service Pool earners in each pool. This Top Earners Pool will be over and above the Maximum Bonuses noted above.		
Director II-Director V Pool - Top 30 earners		
Ambassador-Ambassador I Diamond Pool - Top 20 earners		
Ambassador II and above Pool - Top 10 earners		

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

How to Participate

In order to participate in these lucrative pools, Marketing Executives are required to earn Service Points. **Personally Enrolled (PE) Service Points are earned when you:**

1. Personally enroll a new AC100 Marketing Executive with at least 100 points with application date of September 1, 2008 or later = 2 Points. 1 additional Service Point will be earned if the new Enrollee purchases a Quick Start Pack.
2. Develop a new personally enrolled Star Director with application date of September 1, 2008 or later = 8 Points

Personally Enrolled Leg (PEL) Service Points are earned by Ambassadors and higher when you:

1. Develop a new Star Director in a personally enrolled leg that is not blocked by a paid Ambassador or higher in that leg with an application date of September 1, 2008 or later = 4 Points

Shares in the Service Pool are calculated as follows:

$$\text{Total Service Points} + (\text{Title Factor multiplied by your Average Net Growth}) = \text{Total Shares}$$

Total Service Points

The Total Service Points for Ambassadors and higher will be your Personally Enrolled Service Points plus your Personally Enrolled Leg Service Points. To participate in the Service Pools, Ambassadors and higher must earn at least 10 Personally Enrolled Service Points each month, and 20 Total Service Points. That means Ambassadors can now count their Personally Enrolled Leg Star Directors (4 pts) toward qualifying for the pool. If an Ambassador or higher achieves 60 or more Total Service Points, that Ambassador will receive double the Service Point credits for that month.

Director II-Director Vs must earn at least 10 Personally Enrolled Service Points to participate in the Service Pool. If a Director II - Director V earns 30 or more Personally Enrolled Service Points, they will receive double the Service Point credits for that month.

Service Points will count for up to 3 consecutive months, as long as they remain active in each month. For example, for a Star Director to count in January, February, and March, they must remain an active Star Director for all 3 months. The same rule applies for a personal enrollment of a New Marketing Executive on the AC100.

Your Title Factor is calculated by the chart below:

Title Factor	
Director II	1.0
Director III	1.25
Director IV	1.50
Director V	1.75
Ambassador-Ambassador Diamond	2.0, 2.25, 2.50, 2.75
Ambassador I-Ambassador I Diamond	3.0, 3.25, 3.50, 3.75
Ambassador II-Ambassador II Diamond	4.0, 4.25, 4.50, 4.75
Ambassador III-Ambassador III Diamond	5.0, 5.25, 5.50, 5.75
Ambassador IV-Ambassador IV Diamond	6.0, 6.25, 6.50, 6.75
Ambassador V-Ambassador V Diamond	7.0, 7.25, 7.50, 7.75
Royal Ambassador	10.0

The earnings depicted are not representative of the income you will earn. FreeLife makes no guarantees or projections of income, as such representations may be misleading. Your success depends on your effort, commitment, skill, and leadership abilities, and how effectively you exercise these qualities.

Average Net Growth is calculated by taking the average net Star Director growth in your 10–level Organization over a rolling three-month period. This excludes rollups and compression. Leaders without any Star Director Growth will receive a Net Growth factor of 1. Leaders who have a Net Growth factor greater than 1 will receive 3 times the credit for this multiplier.

- All earnings shown in U.S. dollars.
- The above 2008 income data include only those Marketing Executives (MEs) who were "active" during all 12 months of the year. An "active Marketing Executive" is someone who qualified to earn a commission. It includes all active Marketing Executives joining FreeLife since January 2002.
- The above chart classifies Marketing Executives according to the highest active status they achieved for a majority of the year (at least 7 months during the year). Thus, if a Marketing Executive was a Director V for 5 months and an Ambassador for 7 months, he/she is classified as an Ambassador.
